

# ABS/USCG A60 4 Man Sleeper

## CERTIFIED SLEEPER FOR SAFE AREAS

### A60/H60/H120 Available

Built to highest level of structural fire protection.

### Certifications

ABS  
USCG  
IMO & SOLAS

### Work Ready

Each bedroom equipped with a desk and filing cabinet.

### Single Side Connection

All essential services connections located on a single side.

### Fire Safety

Fire Detection with optional gas detection.

### Multiple AC Systems

Multiple oversized AC units for redundancy.

### Employee Comfort

-Fire retardant privacy curtains  
-Outlets  
-Reading light  
-Bunk lockers

### Blast Rated

Up to 500 mbar over-shock protection.

HB Rentals' 25' ABS/USCG A60 Sleeper can accommodate up to 4 individuals. The 25' sleeper module can be utilized in space restricted projects where heavier, larger modules cannot be. The module brings easy plug and play connections with safe, quick installation features. Superior engineering and construction allow our modules to stack in a variety of configurations, depending on host installation requirements.

### Certifications:

- US Coast Guard 46CFR Subchapters I, I-A, L, SOLAS
- ABS Guide for Portable Accommodation Modules
- ABS Rules for Building and Classing Offshore Installations
- ABS Guide for Building and Classing Floating Production Installations
- ABS Rules for Building and Classing Mobile Offshore Drilling Units
- Rules for Building and Classing Steel Vessels
- Rules for Building and Classing Steel Vessels Under 90 Meters (295 feet) in Length
- Rules for Building and Classing Steel Barges
- UL1604 Class I/Div II Capable
- IMO/SOLAS

### Tested

- BS EN 12079

### Certified to Regulations – For Extreme Marine Environments

- Class I/Div II capable, A60, optional H60, H120, and blast ratings for use in harsh offshore environments.

### Increased Worker Comfort

- Bunks are equipped with black-out privacy curtains, bunk lights and outlets.
- Individual lockers for all personnel.
- Covered stairway and stairwell option.
- Wet area designed with 2 separated sinks.

### Robust Climate Control System

- Split System – Easy maintenance with split condenser and air handler.

### Robust Climate Control System (cont.)

- Oversized AC System – Mitigate stress to AC units in extreme temperatures.

### Superior Interior Construction

- Interlocking wall panel and ceiling design to decrease permeability.
- Easy maintenance material to facilitate house cleaning.

### Superior Engineering and Construction

- Stackable design suitable for fixed and floating platforms, barges, vessels.
- True to dimension laydown footprint .
- Up to 500 mbar blast rating available-custom rating can be achieved.

### Maximize Worker Safety

- A60 fire rated and optional H60, H120 fire rated construction.
- 2 automatic fire dampeners.
- Standard fire detection and PA/GA with optional gas detection.
- 2 egress routes for emergency events.

### Designed for Safe and Easy Deployment

- Twist lock installation reduces installation.
- Stab-in-tube installation for easy porch/walkway installation.
- Single side essential services connections simplifies installation.
- Recessed ends mitigate risk of injuries and accidents.
- Optional black and grey water separation.
- Separate saltwater and potable water connections.
- Plug & Play connections for PA/GA, Fire & Gas detection, power, data, for reduced offshore set up time and reduced costs.

## Specifications

### Dimensions/Weight:

25'L x 12'W x 10'H  
31,000 lbs.

### Structure:

- ABS Guide for Portable Accommodation Modules
- ABS Rules for Building and Classing Offshore Installations
- ABS Guide for Building and Classing Floating Production Installations
- ABS Rules for Building and Classing Mobile Offshore Drilling Units
- Rules for Building and Classing Steel Vessels
- Rules for Building and Classing Steel Vessels Under 90 Meters (295 feet) in Length
- Rules for Building and Classing Steel Barges

### Transportation:

- Fitted with ISO connectors
- Pad eyes for single point lift-meets ALL stringent ABS/USCG structural requirements

### Bulkheads:

- Fire Rating: A60
- Optional H60, H120

### Fire & Gas:

- F&G Detection
- F&G Alarm (Optional)

### Fire Damper:

Electro-Mechanical Actuation

### Protection System:

Exterior Class I/Div II Available

### Power Requirements:

3 Ph  
208V

### Climate Control:

1 AC System/Bedroom
